CRESTWOOD CRUSADERS

85 - 86

Principal's Address

As the 1986 school year comes to a close, I feel a mixture of sadness and pride. Sadness which comes from knowing we are saying good-bye to an exceptional group of grade nine students who have been the driving force behind a very active and satisfying year for all, and, pride in knowing they have established a legacy of positive leadership and commitment which sets the standard for the future.

A very concrete example of this legacy is the yearbook you are about to enjoy. 1985-86 is the first year Crestwood School has produced a publication of this nature. I am indebted to Rani Wong, Sharon Hamilton, Judith Friedman, Matthew Skelton, and Mr. Schroer, their sponsor, for tackling such an ambitious project and for seeing it through to the end. Determination and persistence are qualities without which talent and potential are seldom realized. These students and others who have committed themselves to making Crestwood School a better place to be through their efforts are to be commended. I look forward to the 1986-87 school year secure in the belief that this tradition will be maintained.

Warmest regards,

M Lubin
